Ten days or so ago the city removed a homeless encampment at 4665 Willow Brook. However two hours later the man started to rebuild. This time his encampment was even larger wrapped in layers of wood and plastic tarps. About a week ago his encampment caught fire. A nearby resident who was parked adjacent to his encampment lost his car to the fire. The Windows were blown out and the interior was completely gutted. The building behind (Catholic Charity) was saved with some fire damage. Despite his encampment being burnt to the ground and thousands of dollars in damages to the neighbors this guy has returned and has rebuilt again.

We have reported all this to our lead officer MR Ziegler. He spoke to the man and reported back to us that he knows this guy and in his old location he broke several car windows.

We need to start the process to remove this guy from our neighborhood. This is a safety issue.

PS

My neighbor who lost his car to the fire at 4am that day got a parking ticket for street cleaning at 11am shortly after the fire department completed their investigation.
